## About AXE HEAVEN®

Our company name “AXE HEAVEN®” says it all. Guitar Heaven.

**We love guitars. It's our passion.** We wondered, “How can we capture the feeling and affection that is heartfelt into something tangible and uniquely personal?” This search has lead us to create AXE HEAVEN®. Through this journey, we've discovered there are crowds out there who feel just as passionate as we do about guitars. We've also discovered there are even more who love music and identify with the guitar heroes they listen to. And many of these fans don't even play, but would love to have something tangible in their possession to represent their love affair with music.

**A love affair.** That's what it really comes down to. It is this feeling that drives us to produce the best product we can. When you love something, you give it your all. Each miniature guitar is exact in its details. History matters when each model is replicated. It is this ethos that has captured thousands around the world to fall in love with our company, what we stand for, and what we produce.
