### July 26-28

As part of Britain's Silverstone Classic auto racing series, this year's concerts will be celebrating the 50 years of Woodstock July 26-28. Bands scheduled to perform will boast strong musical links to the original Woodstock fest.

Some of the artists appearing include:

- Hundred Seventy Split - The band was formed in 2010 by bassist and 'Woodstock Legend' Leo Lyons who, along with Alvin Lee, was a founding member of the band Ten Years After , who famously played the Sunday evening at Woodstock. Joe Gooch (guitar/vocals) also played with Ten Years After from 2002 to 2013 replacing Alvin Lee as guitarist/vocalist. They've promised a set of Ten Years After classics.
- The Jones Gang - As the drummer with The Small Faces, Faces and The Who, Kenney Jones has been the heartbeat of three of the biggest bands ever to have come out of the UK. Today Kenney is still performing many of the treasured tracks that The Who notoriously blasted out at Woodstock and will do everything they can to recreate the historic event.
- Creedence Clearwater Revived - Creedence Clearwater Revival was the first band to sign up for the Woodstock festival and its set was one of the festival's true highlights. Johnnie Guitar Williamson has been performing all the much-loved John Fogerty and CCR songs for decades

and this year Johnnie's band is playing the Woodstock setlist including classics Proud Mary, Bad Moon Rising and Born on the Bayou.

- We Remember Joe Cocker - Paying homage to one of music's most iconic artists, We Remember Joe Cocker is a six piece band fronted by British Blues Awards nominee Paul Cox. Their show covers Joe Cocker's heady days of Woodstock (including 'With a Little Help from my Friends' and 'Feelin' Alright') as well as notable songs from later in his career.
- Are You Experienced? -Are You Experienced? are now in their 23rd year together, and in that time have firmly established themselves as the premier Hendrix tribute in Europe, having headlined at venues in Holland, Germany and Sweden as well as festivals in Brazil and Barbados. Founder member John Campbell has also appeared on TV shows in his Hendrix persona and bares more than a passing resemblance to the iconic guitarist. Expect to hear classics such as Purple Haze, Voodoo Child and Hey Joe.
- Viva Santana - Now legendary band Santana brought Latin rock fusion to Woodstock and, though yet to release a debut album, the little known ensemble were an overnight sensation with songs including Soul Sacrifice and Evil Ways. Today the phenomenal seven piece Viva Santana is celebrating the music of Carlos Santana at festivals and theatres in the UK, Europe and even Cuba, 50 years on from that momentous set.

While the cars are always the stars at the Classic, the live music – included in the standard price of admission – is a huge hit with the thousands of festival-goers, club members and drivers. Tickets start at £37 admission and include access to both race paddocks, the majority of the funfair rides and family fun activities, dynamic demonstrations, car clinics, trackside grandstands as well as both evenings of live music concerts. #### Glen Burtnik's Summer of Love -

The Summer of Love Concert focuses on iconic rock music from the period of time generally between the 1967 release of The Beatles revolutionary album Sgt. Pepper's Lonely Hearts Club Band and the famous Woodstock Music and Art Festival in 1969 with music from artists like The Beatles, The Rolling Stones, Dylan, Creedence Clearwater Revival, Janis Joplin, Jimi Hendrix, The Doors, Santana, Crosby, Stills, Nash and Young, Jefferson Airplane, The Association, The Turtles, The Beach Boys, Mamas and the Papas, Country Joe, Ravi Shankar, Procol Harum, Joe Cocker, Melanie, The Spencer Davis Group, Ike & Tina Turner, The Rascals, Chicago, The Zombies, Otis Redding, Sonny and Cher, Sly and The Family Stone and much more!

The Summer of Love Concert was created by Glen Burtnik, alumnus of Styx, the original Beatlemania on Broadway (he played Paul), touring bassist/vocalist with the current version of ELO, The Orchestra, member of The Weeklings, major label solo recording artist and hit songwriter. The Summer of Love Concert cast is comprised of approximately 15 performers including a horn section, strings, keyboardists, background vocalists and an incredible rock rhythm section who faithfully re-create "note for note and absolutely live", the songs and the psychedelically flavored spirit of the Woodstock Generation.

"I've always had a playlist on my IPod named The Summer of Love. I'm actually a hippie at heart. The music of that era is probably what moves me the most," said Burtnik in a recent interview. To further enhance that experience, The Summer of Love Concert features Marc Rubinstein's Pig Light Show which is recognized as one of the most famous psychedelic light shows in rock history and is well known for its use in the late 1960's as the house light show at Bill Graham's legendary New York City concert hall, the Fillmore East.
